

Bilingual Authorization

The bilingual teaching authorization prepares individuals to provide English language development, specially designed academic instruction in English, and academic content instruction in both English and the language of their bilingual authorization. The Bilingual authorization will be earned concurrently with a multiple subject or single subject credential.

The bilingual authorization requires one additional course in addition to fulfilling the state subject matter requirements by exam, or through approved undergraduate course work. (Cal Lutheran undergraduates who earn a Spanish major or minor are able to waive the exam requirements.)

Foundation Courses

EDLT 501	Teaching and Learning	3
EDLT 502	Teaching English Learners	3
EDLT 503	Child Development and Inclusive Environments	3
EDLT 504	Theories and Policies of Bilingual Education and Bilingualism	3

Students are required to meet subject matter competency and successfully complete all foundation courses prior to beginning Methods courses.

Methods Courses
