

# Theatre Arts

---

A degree in theatre arts prepares students for performances and technical production in live theatre, film, television and multimedia. California Lutheran University's Theatre Arts Department offers a series of fundamental and advanced courses in theatre along with numerous opportunities to participate in its Mainstage, Blackbox and Film and Video productions.

An average of four major live theatre productions, including musicals, are staged each year, along with performance opportunities in Improvisational Theater, original films and videos and the student-produced Blackbox series. Students are encouraged to take positions of responsibility in all areas of production including publicity, sound, light, makeup, scene and costume design.

Every theatre arts major has the opportunity to direct or design a play production on campus. CLU students have brought home top regional awards from the Kennedy Center/American College Theatre Festival. Students are encouraged to work as professional theatre interns during the summer with Camp Shakespeare and the Kingsmen Shakespeare Company, a professional theatre company performing on campus. Students also intern at local art centers like the Thousand Oaks Civic Arts Plaza. The University's close proximity to Los Angeles provides an arena for students to explore a variety of screen, stage, television and musical presentations and connections with industry professionals.

Many CLU theatre arts graduates have achieved careers in the competitive world of professional theatre, film, and television. The theatre arts curriculum also provides practical performance, management, communication, and work skills that relate to many other career fields. CLU theatre arts graduates have been accepted into graduate theatre programs at universities throughout the United States.
