

Graduation Requirements

The requirements for the degrees of bachelor of arts and bachelor of science are designed to provide students with a broad program of liberal arts study and an opportunity to concentrate in the field of special interest. It is intended that at the undergraduate level the emphasis be placed on acquiring a broad education in many subjects, leaving highly specialized and professional studies to the graduate school level.

Faculty advisers and the Registrar will assist in every way possible. However, students are responsible to see that their academic program includes all requirements for graduation. Graduation requirements in effect at the time of the student's initial attendance at the University are applicable.

Students who have not been in attendance for two consecutive semesters must reapply and be readmitted to the University. Students readmitted after an absence of less than two years may complete requirements under the catalog in effect at the time of initial attendance. For separation of more than two years, the catalog in effect at the time of readmission will be applicable.

Students transferring to California Lutheran University from other collegiate institutions should also consult with an admission counselor for assistance in interpreting the graduation requirements to insure a smooth transfer.

Students enrolling in the Bachelor's Degree for Professionals (<https://nextcatalog.callutheran.edu/undergraduate/bachelorsdegreeforprofessionals>) should consult the section of the catalog for that program.

General Degree Requirements

1. Students must complete 124 semester credits. At least 40 of these must be upper division, that is junior or senior level courses.
2. 30 of the final 40 credits must be completed in residency. This requirement cannot be met using credit by examination.
3. Students must earn at least a 2.0 grade point average for all CLU work and also achieve a 2.0 on all combined CLU and other college work.
