Program Description: The study of Spanish-language media trains students to connect their language skills to a variety of fields and professions. The Spanish media program helps students increase their level of cultural competence and gain hands-on experience through the El Eco student newspaper and various local internships.

Notes: It is possible to major in communication or Spanish and also earn the Spanish media minor. You can also double major in communication and Spanish and earn the Spanish media minor. Contact the Spanish media minor coordinator for additional information.
