Academic Programs

System of Course Descriptions

Courses of study and descriptions are arranged according to course numbers within the departments. All graduate courses and some upper division undergraduate courses are listed in this catalog. Other undergraduate courses may be applicable to a master’s degree. For a complete listing of Cal Lutheran undergraduate courses, consult the University’s undergraduate catalog. The course value in semester credits is indicated within parentheses after the course title.

Course Numbering System

Courses numbered 300-499 are upper division undergraduate level courses normally taken by juniors and seniors; however, approved courses in the 400-level may count as graduate credit if completed after admission to the graduate program.

Courses numbered 500-599 are graduate level. Not every university department offers a graduate program; however, all departments may offer the following graduate courses: 582 Selected Topics (1-4), 590 Independent Study (1-4).

Courses numbered 600-799 are doctoral level.

Courses numbered 800-899 are professional development courses designed to meet professional needs and to update and expand professional knowledge and skills. This upper division credit is available only to those who have at least a bachelor’s degree. Credit is not applicable toward a degree and is based on 15 hours of satisfactory participation in an organized continuing education program. With prior approval from the Director of Adult Education, credit may be applied toward a credential. Courses are normally graded on a Pass/No Credit basis.

Courses numbered 900-999 are Continuing Education Units (CEU). The CEU is a means for measuring and recording noncredit, postsecondary level study. A CEU is based on 10 contact hours of satisfactory participation in an organized continuing education program. These courses are not designed for application to a degree or credential, but rather for recording of noncredit course work.

Previous numbering

Prior to fall semester 2001, 600–699 numbered courses were offered for noncredit only and were ungraded. Prior to fall semester 2009, 700-799 numbered courses were offered for noncredit only and were ungraded. Participants in these courses were not able to claim credit or challenge the course for credit at a later date.

Prior to the fall semester 1975, all continuing education courses were numbered with upper division numbers (300 and 400 series) and a prefix of “C.” These courses were applicable to credentials for persons eligible for Fisher credentials and were applicable to a degree at CLU when indicated on the transcript record.

From fall 1975 through summer 1977, continuing education courses were numbered in an 800 level series. These courses were upper division level and normally enrolled students had baccalaureate degrees. Although the courses were designed primarily for professional improvement or advancement and not applicable to a degree or credential, persons could apply them to a credential where appropriate and with approval of the Chair of the Education Department. Application of the courses to a degree was at the discretion of the department involved.

Continuing and Professional Education

- Information Systems
- Information Technology
- Professional Development
- Opportunities for Educators

Continuing and Professional Education programs at California Lutheran University bring adult professionals together to share their wealth of experience and talents. For more than two decades, professionals have taken these courses for professional training and personal enrichment in the unique learning environment of personal support and service for which California Lutheran University is known.

These programs extend the unique cultural and scholarly resources of the University to professional and community audiences and involve the University in collaborations with external organizations to present programs and events which are not normally part of either an undergraduate or graduate degree program. Courses are offered on the Thousand Oaks main campus and at several off-campus locations to accommodate adults pursuing course work on a part-time basis.

Formal admission to the University is not required for enrollment, and there is no limit to the number of courses a person may take. These low-cost courses are normally graded on a Pass/No Credit basis. Varied program formats include evening and weekend courses, seminars and one-day exam preparation courses. For further information on any Continuing and Professional Education program, call (805) 493-3130 or email cpe@callutheran.edu.
