

Faculty Profiles

California Lutheran University's distinguished faculty come from some of the top institutions in the country and are dedicated to helping students achieve success. Small classes make it possible for faculty members to develop close mentoring relationships with students, and CLU maintains a campus environment conducive to faculty and student interaction. The quality of this interaction sets CLU apart from other institutions of higher education. Since the University opened its doors to the first students in 1961, the quality of the faculty has been considered the institution's greatest asset and one of the reasons the University was awarded accreditation by the Western Association of Schools and Colleges early on. Through the years, that tradition of faculty excellence has been maintained.

Ali Akbari

Professor, School of Management, 1984
