How to Apply

2. Complete an on-line application (https://www.callutheran.edu/professionals/admission/apply.html);
3. Have official transcripts from all previously attended colleges sent to the Transfer Admissions office.

At the time of your admission interview or shortly thereafter, you will be notified of the admission decision. If admitted, you will be sent information about registration procedures. Upon your acceptance, transfer credits from other colleges will be officially evaluated by the registrar's office and the results sent to you before the end of your first term.

Readmission of Former Bachelor's Degree for Professionals Students

If you were formerly enrolled as a Bachelor's Degree for Professionals student (or an Adult Degree Evening Program student) but have not attended four or more consecutive terms and were not on an approved extended leave of absence, you must apply for readmission by submitting an updated application form and meeting with an admission counselor. The curriculum requirements in effect at the time of your readmission will apply.

Readmission of Service Members

As a Yellow Ribbon university, Cal Lutheran is committed to making a quality education possible for our military members. Cal Lutheran acknowledges that our students who are active duty U.S. Military service members may be required to take a leave of absence for military service. In accordance with federal regulations (CFR) 34, 668.18, California Education Code 66023 and the Federal Register CFR 34, section 668.18, Cal Lutheran will promptly readmit a service member to the academic program that was interrupted due to military service obligation.

Eligibility

The readmission policy applies to servicemembers who perform service in the uniformed services, whether voluntary or involuntary, in the Armed Forces, including service as a member of the National Guard or Reserve, on active duty, active duty for training, or full-time National Guard duty under Federal authority (but not State authority), for a period of more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days. The cumulative length of absence due to military service may not exceed five years.

Tuition and Fees

A returning student who is eligible for service member readmission will be charged the same tuition and fees that were in effect during the academic year that the student last attended, unless veteran or military education benefits will pay the higher tuition and fees that other students in the program are paying in the current academic year. In subsequent years or for a different program, tuition and fees will be assessed at the same rate that other students in the program are charged.

Procedures and Requirements

An eligible service member must submit a leave of absence form with documentation verifying active service in advance as possible to the Registrar's Office. Notification to the Veteran Resource Office is recommended.
Returning students who have been in absence for greater than one year should contact the Graduate Admission Office to complete a readmission application. Students returning from a leave of absence of less than one year are not required to submit a readmission application but will need to contact the Registrar’s Office to re activates their student status. After reactivation, students should contact their program director or specialist for course registration advisement, and contact the Veteran Resource Office to complete benefits certification.

Readmission will apply to the next available class(es) for the program in which the service member was originally admitted to. Some circumstances may require Cal Lutheran to admit the service member at a later date. Cal Lutheran will make all reasonable efforts to admit and prepare the servicemember to resume the program at the next available term.

The service member will be readmitted with the same academic status as they had when last attending the university to the program under which he/she was originally admitted unless the program is no longer offered. In such cases, Cal Lutheran will make every reasonable effort to admit the student into the most similar program.

Per federal regulations, the readmission of service members policy does not apply to returning students who have been discharged from the Armed Forces, including National Guard or Reserve, due to dishonorable or bad conduct. Service members who have received a dishonorable or bad conduct discharge and have not been actively enrolled for more than a year may apply for readmission to the university without the benefits outlined in this policy.

Since most Bachelor's Degree for Professionals students are also employed, a normal course load is considered to be two courses per term (six to eight units). The number of units you take, however, is up to you as long as you don’t exceed 10 units per term. If you would like to take more than 10 units per term, you must seek the approval of your academic counselor and the Associate Dean of the School for Professional and Continuing Studies. Please contact the Financial Aid office regarding questions related to course load and financial aid.

**Concurrent Enrollment**

If you are admitted as a Bachelor's Degree for Professionals student and wish to enroll in courses at another college or university, you must obtain approval from the Associate Dean of the School for Professional and Continuing Studies prior to enrolling in the course(s). Normally, requests for concurrent enrollment at another institution will not be granted unless you demonstrate a compelling need to take the course at that institution.

**Leave of Absence**

By notifying their academic counselor, students may request to take a leave of absence for up to one year/four consecutive terms. Under certain circumstances, students may be approved to take an extended leave of absence, totaling two years/eight consecutive terms. Students need to speak with their academic counselor to begin the request process. Students exceeding the approved time for their leave of absence will be inactivated from the program and will have to reapply to be readmitted. The curriculum requirements in effect at the time of readmission will apply.

### Return of Funds Policies for Federal Aid

Students who receive federal aid are subject to federal return of funds policies. If the payment period for which a student received funds (term) is not completed and the student withdraws from all courses, then the student is only eligible for a percentage of the aid equal to the percentage of the period completed. The following is an example of this concept:

**Krista enrolls in the fall term but drops out before the end of the term. She actually completes 35 percent of the term and, therefore, is only eligible for 35 percent of the aid awarded for that period (amount earned).**

If the aid earned is more than the amount that was actually disbursed to the student (credited to their account), then California Lutheran University will offer the student a post withdrawal disbursement according to certain conditions such as whether or not a valid Student Aid Report has been received, the status of the verification process, etc.

If the amount disbursed is more than the amount earned, then California Lutheran University must return the amount unearned to the U.S. Department of Education. The student will then be responsible for any balance owed to California Lutheran University caused by the return of funds.

For additional information, please contact the Office of Financial Aid at (805)493-3115.

1 Federal aid covered by the Return of Funds policies includes the Unsubsidized Stafford Loan, Subsidized Stafford Loan, and Pell Grant.
